* Indicates the comparison between “Income before income taxes and minority interest in consolidated subsidiaries” under Japanese GAAP and “Income before income taxes, minority interest and equity in earnings of affiliated companies” under U.S. GAAP.

1. **Scope of Consolidation**
   The consolidation scope under the U.S. standards is determined based on the ownership of voting shares (more than 50%). Therefore, those companies that are consolidated according to the control basis under the Japanese standards are excluded from the scope of consolidation.

2. **Reporting Category of Equity in Earnings of Affiliated Companies**
   “Equity in earnings of affiliated companies” reported as non-operating income under the Japanese standards is not included in “income before income taxes, minority interest and equity in earnings of affiliated companies” under the U.S. standards, therefore the figure for this item has been reclassified.

3. **Gains on Transfer of the Substitutional Portion of the Employee Pension Fund**
   Under the U.S. standards, gains or losses on transfer of the substitutional portion of the employee pension fund are recognized at the time of the actual transfer, therefore “gains on transfer of the substitutional portion of the employee pension fund,” recognized under the Japanese standards, is not recognized.

4. **Impairment on Marketable Securities**
   Losses from impairment on certain marketable securities whose acquisition costs under the U.S. standards exceed those under the Japanese standards are recognized.

Notice Concerning Stock Option (Stock Acquisition Right)

At its meeting held on May 11, 2004, the Board of Directors of Toyota Motor Corporation (“TMC”) resolved to propose an agenda asking for authorization to issue rights to subscribe for or purchase shares of TMC (“Stock Acquisition Rights”) without consideration, for the purpose of granting stock options, pursuant to Article 280-20 and Article 280-21 of the Commercial Code. The proposal will be presented at its FY2004 Ordinary General Shareholders’ Meeting to be held on June 23, 2004 and we hereby inform you as follows.

1. Reason for Issue of Stock Acquisition Rights without Consideration

TMC will issue Stock Acquisition Rights to Directors, Managing Officers and employees, etc. of TMC and its affiliates in order to enhance enthusiasm and raise morale for improving business performance and thereby contribute to strengthen TMC’s international competitiveness.

2. Summary of Terms of Issue of Stock Acquisition Rights

(1) Grantees of the Stock Acquisition Rights

Directors, Managing Officers and employees, etc. of TMC and its affiliates.

(2) Type and Number of Shares to be Issued or Transferred upon Exercise of Stock Acquisition Rights

Up to 2,300,000 shares of common stock of TMC.

Provided, however, that if the number of shares to be issued or transferred upon exercise of each Stock Acquisition Right is adjusted in accordance with (3) below, such number of shares to be issued or transferred shall be adjusted to the number obtained by multiplying the number of shares after adjustment by the total number of Stock Acquisition Rights to be issued.

(3) Total Number of Stock Acquisition Rights to be Issued

Up to 23,000

The number of shares to be issued or transferred upon exercise of one Stock Acquisition Right shall be 100; provided, however, that if TMC splits or consolidates its shares, the number of shares to be issued or transferred upon exercise of each Stock Acquisition Right shall be adjusted according to the following formula.
Number of shares after adjustment = Number of shares before adjustment \times \text{Ratio of split (or consolidation)}

The adjustment above shall be made only to those rights remaining unexercised at the relevant time. If any fraction less than one (1) share arises as a result of such adjustment, such fraction shall be discarded.

(4) Issue Price of Stock Acquisition Rights

No consideration shall be paid at the time of issuance of the Stock Acquisition Rights.

(5) Amount to be Paid upon Exercise of Stock Acquisition Rights

The amount to be paid per share issued or transferred upon exercise of each Stock Acquisition Right (the “Exercise Price”) shall be as follows.

The amount obtained by multiplying the closing price of the TMC’s common stock in regular trading on the Tokyo Stock Exchange on the issue date of the Stock Acquisition Rights (if there is no transaction made on that day, then the closing price of the latest date prior to the issue date of the Stock Acquisition Rights on which a transaction was made) by 1.025, and any fraction less than one (1) yen arising therefrom shall be rounded up to the nearest one (1) yen.

In addition, the Exercise Price shall be adjusted as follows:

(i) If TMC splits or consolidates its shares after the issue date of the Stock Acquisition Rights, the Exercise Price shall be adjusted according to the following formula, and any fraction less than one (1) yen arising therefrom shall be rounded up to the nearest one (1) yen.

\[
\text{Exercise Price after adjustment} = \text{Exercise Price before adjustment} \times \frac{1}{\text{Ratio of split (or consolidation)}}
\]

(ii) If new shares are issued or treasury stock is sold at a price below the market price after the issue date of the Stock Acquisition Rights, the Exercise Price shall be adjusted according to the following formula, and any fraction less than one (1) yen arising therefrom shall be rounded up to the nearest one (1) yen. However, no adjustment shall be made in case of the exercise of Stock Acquisition Rights, transfer of treasury stock in accordance with a resolution of past Ordinary General Shareholders’ Meetings pursuant to Paragraph 2, Article 210-2 of the former Commercial Code or exercise of the outstanding rights to subscribe for new shares.
Number of shares newly issued \( \times \) Amount to be paid per share

```
Exercise Price after adjustment = Exercise Price before adjustment \times \frac{\text{Number of outstanding shares} + \text{Number of shares newly issued} \times \text{Market price}}{\text{Number of outstanding shares} + \text{Number of shares newly issued}}
```

"Number of outstanding shares" provided for in the above formula does not include the number of shares held by TMC as treasury stock and in the case where the treasury stock is to be sold "Number of shares newly issued" shall be read as "Number of shares of treasury stock to be sold."

(iii) In the case of a merger with any other company, corporate split or capital reduction of TMC, or in any other case similar thereto where an adjustment of the Exercise Price shall be required, in each case after the issue date of the Stock Acquisition Rights, the adjustment shall be made appropriately to the extent reasonable.

(6) Exercise Period of the Stock Acquisition Rights

From August 1, 2006 to July 31, 2010

(7) Conditions of Exercise of Stock Acquisition Rights

(i) Each Stock Acquisition Right may not be partially exercised.

(ii) The grantees of the Stock Acquisition Rights must, at the time of exercise of such rights, be a Director, Managing Officer or an employee, etc. of TMC or its affiliate to which he/she belongs at the time such right is granted, unless he/she voluntarily retires, retires due to attaining retirement age or change in employment, during the exercise period provided in (6) above.

(iii) Stock Acquisition Rights may not be inherited.

(iv) Other exercise conditions shall be provided for by the resolution of the Ordinary General Shareholders’ Meeting of this year and the resolution of a meeting of the Board of Directors.

(8) Events and Conditions of Cancellation of Stock Acquisition Rights

(i) Stock Acquisition Rights may be cancelled without consideration upon approval by a General Shareholders' Meeting of an agendum on a merger agreement in which TMC is a company to be dissolved, or an agendum on a share exchange agreement or a share transfer by which TMC will become a wholly-owned subsidiary of another company.

(ii) TMC may cancel the Stock Acquisition Rights without consideration if a grantee of the Stock Acquisition Rights becomes no longer qualified to exercise such rights pursuant to the provision provided for in (7) above.
(9) Restriction on Transfer of Stock Acquisition Rights

Transfer of Stock Acquisition Rights shall be subject to an approval of the Board of Directors.

(Note) The above resolution shall be conditional upon the agendum “Issue of Stock Acquisition Rights without Consideration to Directors, Managing Officers and Employees, Etc., of TMC and Its Affiliates” being approved at the FY2004 Ordinary General Shareholders’ Meeting scheduled to be held on June 23, 2004. The details of the issuance and granting of the Stock Acquisition Rights will be decided by the resolution of the Board of Directors to be held after the Ordinary General Shareholders’ Meeting of this year.
