

Toyota Environmental Activities Grant Program 2020 Recipients

| Grant Category | Theme | Project Description | Organization | Country |
|------------------|----------------|--|---|------------|
| Project Overseas | Biodiversity | The Marsh Deer as a Flagship Species for the Sustainable Development of the Paraná River Delta | Asociacion Civil Centro de Investigaciones del Bosque Atlántico | Argentina |
| | | Establishing an Environmental Education Model for Rural Kindergartens, Elementary and Junior High Schools in cooperation with the Ministry of Education, Youth and Sport of Cambodia | Nature Center Risen | Cambodia |
| | | Birds are Important -What will happen if they don't exist? | Portuguese Society for the Study of Birds (SPEA) | Portugal |
| | | Conducting Environmental Education and Providing Technical Assistance to Improve Productivity for Rubber Smallholders in West Kalimantan, Indonesia | Kopernik Japan | Indonesia |
| | | Establishing a Harmony with Nature Model -Creating a System for Sustainable Agricultural Business | Terra People Association | Myanmar |
| | | Implementing Measures for Marine Plastics in China's Coastal Cities -Creating a Society in Harmony with the Beautiful Earth in Cooperation with the Next Generation | SEE Foundation | China |
| | | Promoting Environmental Beautification Activities in Pemba, Cabo Delgado Province, Mozambique | Bridge for lives in Mozambique | Mozambique |
| | | Conserving Biodiversity and the Priority Habitats of Sumatran Elephants in the Bukit Barisan Selatan National Park's Surrounding Buffer Zone | Rainforest Alliance | Indonesia |
| | Climate Change | Promoting Sustainable Livelihood Through Environmental Conservation in Atsimondrano, Madagascar | AMDA Multisectoral and Integrated Development Services | Madagascar |
| | | Mitigation of Global Warming by Utilizing Forest Resources in Sumatra, Indonesia | BirdLife International Tokyo | Indonesia |

| | | | | |
|------------------------------|--------------|--|---|-------|
| Project In Japan | Biodiversity | Picking Up Marine Waste at Gosho-ga-hama, the Dirtiest Beach in the Seto Inland Sea | E.C. Ocean's | Japan |
| | | Nishijima Revegetation Project | Ogasawara Wildlife Research Society | |
| | | Joint Project Including Green Belt Planting Activity to Protect the Okinawa Ocean and Island | Okinawa Green Network | |
| | | Promoting Conservation Activities of Rare Butterflies Assessed as Endangered Species such as the Luehdorfia Japonica and Coenonympha Oedippus Arothius | Gifucho-net in Satoyama landscape around Kakogawa | |
| | | Save our Hometown Forests! Creating a Thousand-year Forest in Matsuge River in Cooperation with Local Residents | Groundwork Mishima | |
| | | Festivals in Japan and Biocultural Diversity -Aiming to Achieve the SDGs | Chubu Regional Centre of Expertise on Education for Sustainable Development | |
| | | Strengthening City Resilience by Urban Agriculture as a Green Infrastructure with the ICT and Community | Green Infrastructure Network Toshima | |
| | | For the Children Responsible for the Future! -Play, Learn and Connect in Satoyama | Nara People and Nature Association | |
| | | Bee Forest Project -Creating Forests Comprised of Japanese Honeybees | Bee Forest Club | |
| | | Migratory Birds Connecting Local Nature with Global Environmental Problems -Raising Public Awareness and Conducting Environmental Education by Utilizing the Bird Banding Program | Yamashina Institute for Ornithology | |
| Small Project in Japan | Biodiversity | An Open Innovation in Beach Clean-ups with Robots | The Institute of BC-ROBOP Coastal Engineering | Japan |
| | | Inheriting Rare Soybeans by Utilizing Abandoned Farmlands and Encouraging the Sixth Industrialization | Oguni Social Welfare Council | |
| | | Creating Forests that Enables Living Creatures to Continue their Lineage | Nature Conservation of Kubo River and Mount Tennnouzann Forest | |
| | | Extermination and Awareness-raising of Foreign Species Starting from Rural Areas | Jono Hitomachi Net | |
| | | Supporting Environmental Hands-on Activities on Double-cropping and Local Production and Consumption in the Corner of a Schoolyard | Suita Hands-on Activity Club | |
| | | Realizing a Planted Forest Cycle Through the Introduction of a Loading System for Thinned Wood | Nanamori-Asahi. Toyota | |
| | | Promoting Reinvigoration of Locked School Forests and Utilizing It as a Place of Learning and Relaxation for Students and Interaction with Local Residents | Hakuto | |

Toyota Environmental Activities Grant Program 2019 Recipients

| Grant Category | Theme | Project Description | Organization | Country |
|------------------|----------------|--|---|--------------|
| Project Overseas | Biodiversity | "Kaeng Krachan Forest Complex: Future Creation Project Through Local Knowledge and Traditional Knowledge" for Sustainable Environmental Innovation | Conference of Earth Environment from Akita | Thailand |
| | | Orangutan Conservation Activity in Collaboration with the Government and Residents in East Kalimantan, Indonesia | Japan International Forestry Promotion and Cooperation Center | Indonesia |
| | | Environmental Conservation Activity Through the Production Support of Organic Fertilizers from Palm Oil Waste and the Agricultural Education for Farmers to Receive the Roundtable on Sustainable Palm Oil (RSPO) Certification in Indonesia | Kopernik Japan | Indonesia |
| | | Practical Environmental Education Project in Collaboration with Children, Women, and the Government in a Rural Village in Bodh Gaya, India | Nippon International Cooperation for Community Development | India |
| | | Star Anise Peace Project -Widespread Adoption of Agroforestry with a Focus on Star Anise in the Ethnic Minority Regions in Myanmar- | Barefoot Doctors Group | Myanmar |
| | | Sustainable Management of the Mangrove Forest in Uto Village, Myanmar, as well as Share Their Experiences to Nearby Villages and Conduct Environmental Awareness Activities for Young Generations | Ramsar Center Japan | Myanmar |
| | | Patagonian Programme: Restoring Habitats for Endemic Wildlife Conservation | Aves Argentinas | Argentina |
| | Climate Change | Beautiful Forest Creation Activity at the Preah Vihear Eco-village Zone, a World Heritage Site in Cambodia | Pride of Asia: Preah Vihear Association Japan | Cambodia |
| | | Desert Greening Project Through Saxaul Tree-planting and Cistanche Cultivation in Uzbekistan | OISCA Japan | Uzbekistan |
| | | Soil Conservation and Resilience Support Project: Build Resilience Through Land Slide Mitigation and Forest Restoration by Farmers and Elementary School Students in Bududa | Community Road Empowerment (CORE) | Uganda |
| | | Support and Awareness Activity for the Sustainability of the Local Resident's Life by Planting in Bam, Burkina Faso | Action for Greening Sahel | Burkina Faso |
| Project In Japan | Biodiversity | Reintroduction Activity of Stork, a Special National Treasure, in Shikoku | Tokushima Stork Fund | Japan |
| | | Biodiversity Education Support Project Through the Tree Survey, Name Tag Creation, and Observation Activity at the City Park | Suita Environment Learning association for the Future | |

| | | | | |
|------------------------|----------------|---|---|-------|
| | | Creation of Acorn Forests at Water Resources, Morikoro Park, and the Disaster Area of 3.11 Earthquake by <i>Donguri</i> Walkers | Donguri-mongori | |
| | | Environmental Education Program Expansion Project -Use Regional Issues such as Marine Wastes and Vacant Houses as an Educational Resource!- | Network for Proud Hometown | |
| | | Regeneration of Japanese Giant Salamander Habitats by Improving the River Environment of the <i>Satoyama</i> ³ Watersides Which Connects to the Clear Stream | Society of Maniwa Heritage | |
| | | <i>Yatoda</i> Regeneration Activity to Resume the Breeding of Grey-faced Buzzard in Miura Peninsula | Miura Peninsula Biodiversity Conservation Network | |
| | | Activity for Marine Plastic Waste Issues: Marine Waste Survey Through the Whole Area of the Seto Inland Sea and Clean-up of the Uninhabited Sashima Island | E.C. Ocean's | |
| | Climate Change | Reduce CO ₂ Emissions by Producing and Consuming Energy Locally and Raise Children Who can Rise Above the Difficulty of Disasters | Japan Environment Association | |
| | | Where are the Snow Monkeys? -Survey the Expanding Habitat of Snow Monkeys in Sasagamine, Myoko- | Japan Monkey Centre | |
| Small Project in Japan | Biodiversity | Conserve the Orb-weaver Spiders and Widely Spread the Traditional Spider Fighting Contest to the Future Generations | Kajiki Spider Fighting Preservation Society of Aira | Japan |
| | | Activity to Learn and Understand the Nature Diversity and Varied Environment of the <i>Satoyama</i> ³ | Assist Pall Oita | |
| | | Participatory Environmental Conservation Activity Through Creation and Assessment of Communication Tool based on a Fusion of Environmental Education and Outdoors | The Committee for the Promotion of Awaji Long Trail Association | |
| | | Conserve the Breeding Environment of Rare Species and <i>Satoyama</i> ³ Creation in Sakura Park | Nagano Environment Partnership Conference | |
| | | Aim Reintroduction of Itasenpara Bitterling in Kizu River | Society of Yamashiro Satoyama | |
| | | The Next Generation Human Resource Development Project Through Forest Conservation and Utilization of Lumber in Minami Town, Tokushima | TOKUSHIMA Okara Workshop | |
| | | | | |

³ *Satoyama*: Hillside arable land

2018 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Description | Organization | Country |
|----------------|----------------|--|--|-------------|
| Outside Japan | Biodiversity | “Kane Klachan Forest Complex Future Creation Project through Local Knowledge and Traditional Knowledge of the Karen Tribe” for Sustainable Environmental Innovation Phase II | Conference of Earth Environment from Akita | Thailand |
| | | Replanting flooded forest surrounding Tonle Sap Lake in Cambodia by incorporating firebreaks | Conservation International Japan | Cambodia |
| | | Prevention of illegal logging in Primorsky Krai, the Russian Far East, by strengthening logging permission criteria | WWF (World Wide Fund for Nature) Japan | Russia |
| | | Conservation of Bolivian Endemic Blue-throated Macaw and its co-existence with the local livestock industry | BirdLife International Tokyo | Bolivia |
| | | Achieving SDG 14 through conservation of coastal and marine biodiversity of the Bay of Bengal with community-based resource management in Teknaf Peninsula, Bangladesh. | Ramsar Center Japan | Bangladesh |
| | | Conserving biodiversity in Indonesia with smallholder coffee producers in the Buffer Zone Area in national parks | Rainforest Alliance Inc. | Indonesia |
| | | Establishment of agroforestry at primary schools and in communities in semi-arid areas in Kericho County, Kenya | HANDS (Health and Development Service) | Kenya |
| | | A Gift to the Nation: rehabilitating degraded farmland for biodiversity, habitat and environmental education | Landcare Australia | Australia |
| | Climate Change | Climate change countermeasures through the conversion of coconut farmers to agroforestry in the Philippines | Helping Hands and Hearts Japan Inc. | Philippines |
| | | Firefighting and disaster prevention activities conducted by the Indian Kayapo Tribe Fire Brigade in Brazil | Rainforest Foundation Japan | Brazil |

| | | | | |
|-------|--------------|--|---|-------|
| Japan | Biodiversity | Clean Ashidagawa River☆ clean-up project “Waterside Learning at Ashidagawa River” | Ashidagawa Environmental Management Center: AEMC | Japan |
| | | Long-term childcare activities and human resource development for the Recovery of the Strong Coastal Disaster Prevention Forest in Natori City, Miyagi Prefecture | OISCA | |
| | | Environmental conservation on an island made from a raised coral reef. Community-based collaboration “Kikaijima Island Eco-field Tour” | KIKAI institute for coral reef sciences | |
| | | “Listen, Write, and Draw— Hometown and Natural Park in Tokyo—” ESD Project targeted at junior high school students | Network for Coexistence with Nature | |
| | | Creating a hometown where insects can live | NPO association for connecting with nature and sasakia charonda | |
| | | Matagi Hunter Project: build platform to exchange information among wild animal hide producers and leather suppliers | Global Environmental Forum | |
| | | Biodiversity conservation and biodiversity education based on comprehensive study of dormice on Oki Island | The Japanese Dormouse Preservation & Research Group | |
| | | Bee forest project to create forests comprised of Japanese honeybees | Bee Forest Club | |
| | | Hachioji Forest Village Project—guidance on the utilization of <i>satoyama</i> ^{1*} resources and practices | NPO Forest Lifestyle Research Institute | |
| | | Conduct marine environmental conservation activities and reduce the environmental impact of sea plastics on the natural ecosystem | General Incorporated Association EC Oceans | |

| | | | |
|---------------------------|--|---|--|
| Japan (small projects) | | Protect Coreana Raphaelis, a local natural monument. Create a dewano ash forest spreading from Takahatamakino | Iwate Piedmont Nature School |
| | | Sakura, Sakura, Sakura— Connect to the Future with a Full Bloom of Smile | Specified nonprofit organization Tree Research Group Kobe |
| | | A collaborative project for expanding the distribution of endangered species, the Large Shijimi Blue, Shijimiaeoides Divinus, in Azumino, Nagano Prefecture | Biodiversity Network of Shinshu (KIZUNA) |
| | | Seto Island Sea National Park Restoration Project in Teshima, Kagawa Prefecture | Specified nonprofit organization Setouchi Olive Foundation |
| | | Tidal Flats Creation for Children to Play with Bare Feet | Tamagawa River Mudskipper Club |
| | | All for the Next Generation Children | Nara Human and Nature Association |
| | | Greenery project in idle land along the Inamori River | NPO Hifumi Wealth Association |
| | | | |

* *Satoyama*: hillside arable land

2017 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Description | Organization | Country |
|----------------|---------------------------|---|---|------------|
| Outside Japan | Climate Change | Children's education and natural forest conservation toward harmony with the Maasai people's way of living and the environment | Community Road Empowerment | Kenya |
| | | Save the forests in Madagascar and make children smile! | Ecology Online | Madagascar |
| | Biodiversity Conservation | Conserving biodiversity with smallholder coffee producers in Kenya | Rainforest Alliance Inc. | Kenya |
| | | Biodiversity conservation survey for sustainable tourism development in Chele La Pass, Bhutan | Japan Environmental Education Forum | Bhutan |
| | | Conservation of rare Chinese peonies and promotion of community-led sustainable forest conservation in Bulgan, Mongolia | OISCA-Japan | Mongolia |
| | | "Kaeng Krachan Forest Complex Future Creation PJT" for sustainable environmental innovation | Conference of Earth Environment from Akita | Thailand |
| | | Citizenship for nature - a project to promote environmental awareness and develop local capacity to contribute to the protection of nature sites. | SPEA | Portugal |
| | | Create a joint government-citizen patrol system in Primorsky Krai to prevent illegal logging in the Russian Far East | WWF (World Wide Fund for Nature) Japan | Russia |
| | | Ecology survey and conservation of the wintering grounds of spoon-billed sandpipers in Myanmar | BirdLife International Tokyo | Myanmar |
| | | Community-led seedling business for diverse forest reclamation in Sarawak, Malaysia | Japan-Malaysia Association | Malaysia |
| Japan | Biodiversity Conservation | Forest creation by Donguri Walkers in water source areas, Morikoro Park, and disaster-affected areas in the Tohoku region | Donguri Mongori | Japan |
| | | Coral reef habitat restoration project around the Kerama Islands (Okinawa) | Churaumi Shinkokai | |
| | | Lifestyles with nature-rich agriculture (pursuing the blessings of <i>satoyama</i>) | Maruyama Project | |
| | | Moko Fudo volcano biodiversity activation project | Specified nonprofit corporation attempting to restore nature · Biotope Moko | |
| | | Restoration and creation of terraced rice fields and <i>satoyama</i> in Nishihata-cho, Ikoma City | Ikoma Rice Terrace Club | |
| | | Creating economic cycles and communities using mulberry resources through interaction between cities and agricultural regions | Mulberry Club Chubu | |
| | | "Conserving hometown forests! Thousand-Year Forest on Matsuge River" Project | Groundwork Mishima | |
| | | Development and rollout of educational program to increase awareness of the conservation of coral reef ecosystems | Marine Learning Center | |
| | | Establishment of a support tool for mapping interaction between people and nature | Workshop for Sustainable Community | |

| | | | | |
|--|--|--|--|--|
| | | Valley hotspots: Restoring <i>satoyama</i> of Tokyo salamanders, Japanese night herons, and <i>Luciola</i> fireflies | Miura Peninsula Biodiversity Conservation Network | |
| | | Removal of introduced plants (e.g., <i>Sphagneticola trilobata</i> and <i>Casuarina equisetifolia</i>) and planting of native plants on Iriomote Island | Group for the promotion of local economy by planting native plants on Iriomote | |
| | | Collecting and composting sea lettuce in the prefectural Takasago Seaside Park | Takasagokaihinnkoue nnumibeno hozenntudoinokai | |
| | | The 6th and 7th Morimori Hirogaru forest creation | Itokoku no Morizukuri no Kai | |
| | | Conducting environmental education related to deer | Japan Deer Society | |
| | | Creation and maintenance of a 28,000 square meter wild forest with 350 varieties of plants for 17 years by one 92-year-old man | Sanyasounoeki Hozonkai | |
| | | Ex situ conservation project for the critically endangered pink sea milkwort of Noto Peninsula | Porepore Shizen Kankyo Kansatsukai | |
| | | Nature-based Solutions by Urban Green Infrastructure | Toshima Green Infrastructure Association | |
| | | Connecting the past and the future: Making Terminal House | TANAKAMI Kodomo Kankyo Club | |

* *Satoyama* is hillside arable land

2016 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Description | Organization | Country |
|----------------|---------------------------|--|---|------------|
| Outside Japan | Global Warming | Trial operation of buses with the goal of operating the first community buses in Vietnam, and conducting educational activities | Car Free Day Japan | Vietnam |
| | Biodiversity Conservation | Joint biodiversity conservation activities with cocoa farmers in Ghana | The Rainforest Alliance | Ghana |
| | | Protection of the spoon-billed sandpiper, an endangered species throughout the Talay Park coastal area in Thailand, as well as the promotion of bird tourism | BirdLife International Tokyo | Thailand |
| | | Supporting local communities, biodiversity conservation, and watershed conservation through reforestation in West Java | Conservation International Japan | Indonesia |
| | | To introduce biodiversity teaching materials in Bangladesh's elementary curriculum with the intention to raise public awareness | Japan Environmental Education Forum | Bangladesh |
| | | Forest protection activities and promotion of environmental education for biodiversity conservation in the central "dry zone" of Myanmar | OISCA-Japan | Myanmar |
| | | Creation of sustainable mangrove community forest with grassroots participation in the Uto Village in Myanmar | Ramsar Center Japan | |
| | | Prevention of illegal logging by improving forest conservation awareness in the local communities in the coastal areas of the Russian Far East | WWF Japan | Russia |
| | | Promotion of the Yangtze River Children's Environment Summit and Cherry Blossom Relay, and building a Biodiversity Conservation Network | 'Toki-no-hane (feather of Japanese crested ibis)' | China |
| | | Protecting highly important floodplain habitats in Hungary within the Tisza Floodplain | WWF Hungary | Hungary |
| Japan | Global Warming | Effective utilization of bamboo plants flourishing in the forests near populated areas, with the goal of realizing a local recycling-based society based on bamboo | Environment-Education seminar of Energy in Yokkaichi University | Japan |
| | | Helping children propagate energy conservation activities in their homes through the Eco Ranger Project | Ube Network for Climate Change Actions | |
| | | Implementation and promotion of the Eco School Program, designed to develop human resources that will tackle environmental problems | FEE Japan | |
| | Biodiversity Conservation | Building an organic agriculture model for biodiversity conservation in the Echigawa Area, Higashiomi City, Shiga Prefecture (and other related educational activities) | Nippon International Cooperation for Community Development | |

| | | |
|--|---|--|
| | Conservation of endangered butterflies, focusing on rare butterflies (<i>Luehdorfia japonica</i> and <i>Coenonympha oedippus arothus</i>) | Kakogawa's Satoyama and the Gifu Butterfly Network |
| | Nationwide Visiting Lectures on the Biodiversity for Citizens Project, aimed at mainstreaming biodiversity | The Nature Conservation Society of Japan |
| | Hachioji Forest and Village Building Project: Turning a dark forest (evergreen forest) into a bright forest - | The Life style Research Institute of Forests |
| | Building an intraregional circulation of mulberry tree, silkworm, and cocoon resources, with multi-generational participation | Mulberry Club Chubu |
| | Enhancement of environmental learning focused on flagship species in the Amami Islands, educating residents on the proper methods of keeping pets, and optimization of the tourism industry | WWF Japan |
| | Building hometowns where insects can thrive | Society for Communing with Nature and Oomurasaki |
| | Monitoring of mountains, rivers, and coastal areas around the Toyokawa river basin | Association to Save Shallow Water and Tidal Flat in Asia |
| | Conservation of the Obasute (Tagotono Tsuki) terraced rice fields, a famous and important cultural scenic spot | Tagotono Tsuki Terraced Rice Field Preservation Club |
| | Conservation of the Hokuriku salamander around the Kureha Hill, carried out jointly by elementary schools and citizens' groups | Yuukyuunomori Executive Committee |
| | Ashida River Stream-side Learning Hut: an Ashida River clean-up project | Ashida River Environmental Management Center |
| | Initiative to preserve the forests remaining near populated, urban areas | Suita Environment Learning association for the Future (SELF) |
| | Local Power to Protect Wildlife! Nature Specialist Club to nurture future generations | Wildlife Partnership Office |
| | Establishment of sustainable local environmental conservation systems that utilize unused resources | Osaka Bay Coastal Area Environment Creation Research Center |
| | Initiatives to create forests with the help of honey bees | Bee Forest Club |

2015 Toyota Environmental Activities Grant Program Recipients

| Grant category | Theme | Project Description | Organization | Country |
|----------------|---------------------------|--|--|------------|
| Outside Japan | Biodiversity Conservation | Sustainable use of forest biomass energy and related educational activities in Mozambique | Kyushu Biomass Forum | Mozambique |
| | | Biodiversity conservation on cocoa farms in San Martín and Huánuco regions | Rainforest Alliance Inc. | Peru |
| | | Training “ecological rangers” to carry out environmentally-friendly urban planning | SOMNEED | Nepal |
| | | Reforestation by local communities in the Mau Forest Complex (East Africa’s largest indigenous forest) | Community Road Empowerment | Kenya |
| | | Planting 4 km of trees to connect the Bossou forest and Mount Nimba Strict Nature Reserve (a UNESCO World Heritage site and chimpanzee habitat) | Green Corridor | Guinea |
| | | Program to encourage biodiversity, create seedbeds and promote environmental education | OISCA-Japan | Sri Lanka |
| | | Citizens acting locally for the global environment | Portuguese Society for the Study of Birds | Portugal |
| | | Woodland conservation project to establish a palm sugar production system in the western area of Java | Japan Environmental Education Forum | Indonesia |
| | | Program to promote sustainable use of forest resources on Flores Island | BirdLife International Tokyo | |
| | | Conservation of the critically endangered Sumatran rhinoceros in Borneo | WWF Japan | |
| Japan | Global Warming | Program to utilize forest energy and educate the next generation | Greenwood Outdoor Experience Educational Center | Japan |
| | | Constant greenhouse gas monitoring at Mt. Fuji weather station (research into mitigating damage from lightning strikes) | Valid Utilization of Mount Fuji Weather Station | |
| | | Purification of Lake Suwa | Wagen | |
| | Biodiversity Conservation | Awareness building activities for basic research and countermeasures for invasive raccoon species that threaten biodiversity | Kansai Wildlife Research Association | |
| | | Creation of a sustainable lifecycle for mulberry resources (and deployment in nearby regions) | Mulberry Club Chubu | |
| | | Forestation of water reservoirs and aid for the Tohoku area | Donguri Mongori | |
| | | Building an organic agriculture model for biodiversity conservation in the Echigawa Area, Higashiomi City, Shiga Prefecture (and related educational activities) | Nippon International Cooperation for Community Development | |
| | | Creating habitats for cranes in Aso City, Kumamoto prefecture, and Seiyō City, Ehime prefecture | Wild Bird Society of Japan | |
| | | Fostering communities that coexist with nature | Maruyama Project | |
| | | Vegetation recovery project (including endangered species) on Kurosawa moor | Forestry Research Club Umaji | |
| | | Monitoring of mountains, rivers, and coastal areas around Toyokawa river basin | Association to Save Shallow Water and Tidal Flat in Asia | |
| | | Preservation of indigenous species and removal of invasive species in the Katsushika ward waterfront area | Mizumoto Nature Project | |
| | | Environmental program in Akita aiming to achieve the Convention on Biological Diversity’s Aichi Biodiversity Targets by 2020 | Conference of Earth Environment from Akita | |
| | | Multi-partner survey of marine health indicator species | Northwest Pacific Region Environmental Cooperation Center | |
| | | Protect the treasure-trove of dragonflies! Izunuma and Uchinuma wetlands dragonfly conservation project | The Miyagi Prefectural Izunuma-Uchinuma Environmental Foundation | |
| | | Conservation of endangered butterflies (Luehdorfia japonica and Coenonympha oedippus arothius) | Kakogawa’s satoyama and Gifu butterfly network | |

2014 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Description | Organization | Country/region |
|----------------|---------------------------|--|---|----------------|
| Outside Japan | Biodiversity Conservation | Project to validate distribution of biodiversity conservation teaching materials designed for elementary school students and their parents in Bangladesh | Japan Environmental Education Forum | Bangladesh |
| | | Protection of and educational campaign on the Philippine eagle, the Philippine national bird, on Luzon Island | BirdLife International Tokyo | Philippines |
| | | Preparation for realizing the Children's Environment Summit, a biodiversity conservation initiative for the Yangtze River watershed | General Incorporated Association 'Toki-no-hane(feather of Japanese crested ibis)' | China |
| | | Millennium Seed Bank Technology Transfer project | Royal Botanic Gardens Kew | U.K/Brazil |
| | | Promotion of "verbatim recordings" in order to preserve and pass down the local dialects and traditional knowledge in Indonesia | Kyouzonnomori Network (Network for Coexistence with Nature) | Indonesia |
| | Global Warming | Promotion of small hydroelectric generation and citizen-led watershed preservation in Lampung Province, Indonesia | WWF(World Wide Fund for Nature)Japan | |
| | | Charcoal gasification power generation in non-electrified villages in West Kalimantan Province, Indonesia | Asian People's Exchange(APEX) | |
| | | "Sustainable Life Forest" Project for Environmental Restoration and Disaster Risk Reduction along the coastal villages in Odisha State, India | Ramsar Center Japan | |
| | | Environmental education, forest preservation and regeneration in southeastern Madagascar | Conservation International Japan | |
| | | Creative wetland restoration and adapting to climate change in Hungary | WWF (World Wide Fund for Nature) Hungary | |
| Japan | Biodiversity Conservation | Protection of local ecosystem using the Yatsushiro Illustrated Encyclopedia for Children and Nature, created jointly by youths, governmental agencies, academics, and the private sector. | Jisedainotameni Ganbarokai | Japan |
| | | Nationwide Visiting Lecture on Biodiversity for Citizens Project, aimed at mainstreaming biodiversity | The Nature Conservation Society of Japan | |
| | | Creation of intraregional circulation and exchange through a new way of utilizing mulberry trees, silkworms, and cocoons, which will link hilly and mountainous areas to urban areas | NPO Mulberry Club Chubu | |
| | | Project to study, preserve and pass on the native crops on the western foot of Mt. Fuji via the hands of farmers and citizens | NPO Whole Earth Institute | |
| | | Activities to protect and rescue the Tsushima Leopard Cat, and veterinary activities to help its return to the wild and improve its habitat | Conservation and Animal Welfare Trust | |
| | | Evaluation of planting areas in order to improve and continue tree-planting activities, and assessment of use of these areas by wild animals | NPO picchio | |
| | | Protection of biodiversity in the Yahagi River watershed, preservation of indigenous watershed management method, and creation of sustainable environmental education | Chubu Regional Centre of Expertise on Education for Sustainable Development | |
| | | Plant and wood ash production project in Matsubara | Green City Fukuoka | |
| | Global Warming | Effective utilization of bamboo plants flourishing in the forests near populated areas for agriculture, with the goal of carbon fixation, such that these areas can be developed and passed onto the next generation | Environment-Education seminar of Energy in Yokkaichi University | |
| | | Summer-break hybrid mini solar car creation class | Ube Network for Climate Change Actions | |
| | | Firewood forest creation project Wood stoves playing major role in global warming prevention measures in Saku City, Nagano Prefecture | NPO The Life style Research Institute of Forests | |

2013 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Description | Organization | Country/region |
|----------------|---------------------------|--|---|----------------|
| Outside Japan | Biodiversity Conservation | Forest ecosystem conservation in Huong Hoa district, Quang Tri province, Vietnam | BirdLife International Asia Division | Vietnam |
| | | Promoting biodiversity on Cocoa Farms in Bantaeng Regency, Sulawesi, Indonesia | Rainforest Alliance | Indonesia |
| | | Development of biodiversity teaching materials and teacher biodiversity training in schools in western Thailand | Japan Environmental Education Forum | Thailand |
| | | The Bhutan Red List Partnership | Biodiversity Network Japan | Bhutan |
| | | International volunteer project to protect Barn Swallows | Wild Bird Society of Japan | Taiwan |
| | | Conservation of chimpanzee populations by reforesting the savannah between Bossou and the Nimba Mountains | Green Corridor | Guinea |
| | | Development of sustainable rural communities based on conservation and responsible use of biological diversity | Japan Council on the UN Decade of Education for Sustainable Development | India |
| | | Protection of the Veun Sai Siem Pang Conservation Area and eco-tourism development | Conservation International Japan | Cambodia |
| | Global Warming | Afforestation activities and personnel training aimed at revitalizing local natural resources | Japan InternationalVolunteerCenter | |
| | | Soil conservation and seedling planting using Japanese soilbags in Baringo, Kenya | CORE:Community Road Empowerment | Kenya |
| Japan | Biodiversity Conservation | Planting of trees to cultivate new plant life in Tohoku | Donguri Mongori | Japan |
| | | Reviving underdeveloped woodland near Ikoma City | Ikoma Rice Terrace Club | |
| | | Encouraging elementary school students to plant trees | Shinrin Volunteer Kikuzumitomo-no-kai | |
| | | Research and countermeasure awareness activities regarding raccoon infestation | Kansai Wildlife Research Association | |
| | | Miura peninsula salamander conservation | Miura Peninsula Biodiversity Conservation Network | |
| | | Project to revitalize the Zostera bed at Matsushima Bay damaged by the Great East Japan Earthquake | Amamo Revival Group | |
| | | Revitalizing the Tenryu River with red spotted masu salmon | Citizens' Conference for clean lakes and rivers | |
| | | Setting up a model habitat for the forest dwelling dormouse, and developing animal pathways | The Japanese Dormice Preservation & Research Group | |
| | | Great East Japan Earthquake Memorial Cherry Blossom Line around Tsunami Disaster Coast | Great East Japan Memorial Cherry Blossom Line Executive Committee | |
| | | Project to create a rich and varied ecosystem in the waterside area of Sado Island | KAMOKEN | |
| | | Post-earthquake biodiversity mapping to promote sustainability in the region around Masuda River | Yuririn Aigo-kai | |
| | | Revitalizing Tsubono Village by training people to renovate storehouses and thatched roofs | Satoyama FieldPark Executive Committee | |
| | | Biodiversity conservation project protecting the natural woodland around Mishima | Groundwork Mishima | |
| | | Promoting responsible use of mulberry trees and cocoons, and field testing of systems for local production and local consumption | Mulberry Club Chubu | |
| | | | | |

2012 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Summary | Organization | Country/region |
|----------------|---------------------------|--|--|----------------|
| Overseas | Biodiversity Conservation | Endangered species assessment capability development project in Bhutan | Biodiversity Network Japan | Bhutan |
| | | Conservation project for the Bandula Barb, which is on the verge of extinction | International Union for Conservation of Nature, Japan Office | Sri Lanka |
| | | Conservation of freshwater ecosystem in the Colombian Amazon with participation from indigenous peoples and local farmers | Conservation International Japan | Colombia |
| | | Project to develop educational materials and train staff to protect biodiversity in Bangladesh's Sundarbans region | Japan Environmental Education Forum | Bangladesh |
| | | Coastal wildlife biodiversity conservation project in Dhalghata, Bangladesh with participation from local people | Ramsar Center Japan | |
| | | Protection of national bird, the Phillipine Eagle, and environmental education activities on Philippines' Luzon island | BirdLife International Asia Division | Philippines |
| | | Biodiversity-conscious tree-planting project in the Philippines | OISCA-Japan | |
| | | Japan-China cooperative nature school on Chongming Island, Shanghai for protecting biodiversity (Aiming to present project at UNESCO World Conference on Education for Sustainable Development 2014) | General Incorporated Association 'Toki-no-hane (feather of Japanese crested ibis)' | China |
| | Global Warming | Project to promote energy conservation in India's metal rolling industry | International Center for Environmental Technology Transfer | India |
| Japan | Biodiversity Conservation | Nisshin Exploration Map: Creating a Town in Harmony with Nature through Three Generations | Nissin Citizens' Network on the Environment (NPO) | |
| | | Regional revitalization through restoring roofs of old thatched roof houses used by trout fishermen and cultivation of thatch-use grass culture | Asagiri Furusato Sosei Net (NPO) | |
| | | Revitalization and creative use of terraced rice fields and nearby undeveloped land in Nishihata-cho, Ikoma City | Ikoma Rice Terrace Club | |
| | | Natural revitalization of urban river basins that link together forests, rivers and sea based on shared memories of the area | Association for the Cultivation of Rich Forests, Rivers and Seas | |
| | | Zostera bed revitalization aimed at creating a rich sea for urban areas | Amamo Revival Collaboration in Kanazawa-Hakkei, Tokyo Bay Area | |
| | | Teaching people about rare species through card games and cultivating an awareness of the need to preserve the natural environment | Jisedainotameni Ganbarokai | |
| | | Tokyo Satoyama* project to promote cohabitation of people and nature | Jyumoku Kankyo Network Kyokai (NPO) | |
| | | Holding seminars on new ways of living in Satoyama* areas and training volunteers | Sanson Jyuku | |
| | | Project to establish a terraced rice field "eco school"; conserving terraced rice fields that cultivate diverse organisms and training staff | Tanada LOVER's (NPO) | |
| | Global Warming | Nurturing activities and practical biodiversity surveys following the Kujukuri Conservation through Afforestation Project | The Life style Research Institute of Forests (NPO) | |

*A Japanese term applied to undeveloped woodlands near populated areas.

2011 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Title | Organization | Country/region |
|----------------|---------------------------|--|---|-----------------|
| Overseas | Biodiversity Conservation | Vietnam Forest Conservation Project | BirdLife International Asia Divison | Vietnam |
| | | Hanoi Environmental Awareness and Water Improvement Project | The Institute of Cultural Affairs, Japan (ICA Japan) | |
| | | Primary School Education Material and Human Resources Development for Biodiversity in Thailand | Japan Environmental Education Forum | Thailand |
| | | Promotion of Environmental Education in Indonesia through Oral Tradition Project | Kyouzonnomori Network (Network for Coexistence with Nature) | Indonesia |
| | | Sumatran Tropical Forest Conservation Project | World Wide Fund for Nature Japan | |
| | | Mangrove Planting for Marine Life Biodiversity in Fiji Project. | OISCA | Fiji |
| | | Ghana Cocoa Plantation Agroforestry Promotion Project | Global Environmental Forum | Ghana |

2010 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Title | Organization | Country/ region of Implemen-tation |
|----------------|---------------------------|--|--|---------------------------------------|
| Overseas | Biodiversity Conservation | Green Corridor Project to connect the isolated habitats of wild chimpanzees by planting trees | Green Corridor | Guinea |
| | | Environmental education, tree planting and agriculture training for sustainable development in northern Thailand | OISCA | Thailand |
| | | Project for forest conservation through revitalizing traditional forest products in South Sulawesi, Indonesia | Japan Environmental Education Forum | Indonesia |
| | | Japan-China cooperative project for creating a "nature school" on Chongming Island, Shanghai | General Incorporated Association 'Toki-no-hane (feather of Japanese crested ibis)' | China |
| | | The prevention of deforestation at important forest area in Mangatarem, Province of Pangasinan, Luzon Island, the Philippines | BirdLife Asia | The Philippines |
| | Global Warming | Reforestation of water catchment area with tropical alpine trees and environment conservation by the grass root water users | CORE: Community Road Empowerment | Kenya |
| Japan | Biodiversity Conservation | On-site biodiversity conservation workshop and training for conservation planners | The Nature Conservation Society of Japan | Japan |
| | | Conservation Volunteer Programme "Green Holiday" | Wild Bird Society of Japan | |
| | | Biodiversity and citizen environment monitoring project to protect rural rivers and forests | Groundwork Mishima | |
| | | Creating forest to develop wildlife by planting acorn trees | NPO Donguri-Mongori | |
| | | Maruyama Village 'People and Satoyama Project' | LLP (Limited Liability Partnership) Maruyama Project | |
| | | The conservation of biodiversity in Satochi-Satoyama areas by activation of rural living and natural reproduction | Kyouzonnomori Network (Network for Coexistence with Nature) | |
| | | Trial evaluation of environmental protection carried out at Afan Woodland (satoyama) | The C.W. Nicol Afan Woodland Trust | |
| | | Training people to look after Taketomi Island | NPO Takidhun | |
| | | "Komoro-Suginami" meet & matching project | Komonami Club | |
| | | Biodiversity projects that families with pre-school children can undertake | General Incorporated Association Yushin | |
| | | The development and propagation of practical environmental programs which use familiar hometown mountains with cooperative enterprises | The Environmental NPO "SHU" | |
| | | Education program for keeping grassland, using Miscanthus paper in Aso, Japan | Kyushu Biomass Forum | |

2009 Toyota Environmental Activities Grant Program Recipients

| Grant Category | Theme | Project Title | Organization | Country/region of Implementation |
|--------------------|----------------|--|---|----------------------------------|
| Small-scale Grants | Biodiversity | Strategic Management Plan for the Biodiversity Conservation Based on Geocological Types (GET) on Hahajima Island, in the Bonin (Ogasawara) Islands, Southern Japan | The Nature Conservation Society of Japan | Japan |
| | | Regional Development and Protection of Biodiversity through Cooperation between Local Residents, Environmental NPOs, and Students | "Kyozon no Mori" Network | |
| | | Protect Shikoku's "Galapagos"! Achieving Harmony between the Oceans, Land, and People in Mugi, which all Nurture Thousand-year-old Local Coral | NPO Kaifu Nature Network | |
| | | The Project of Constructing Sustainable, Wealthy, and Ecological Way of Lifestyle | Non Profit Organization Mulberry Club Chubu | |
| | | Conservation Volunteer Project "Green Holiday" | Wild Bird Society of Japan | |
| | | Japan Wildlife Film Festival 2010 | Nature Film Network | |
| | | 100 Years Long Action Plan "Keep Forest and Biodiversity on the Kurumi-creek" | Science School S&I Japan | |
| | | Conservation Activity for Japanese Night Heron Gorsachius Goisagi | BirdLife Asia | |
| | Global Warming | Development of Sustainable Organic Agriculture and Securing a Heat Source for Houses through the Effective Use of Natural Energy | Minkan Inasaku Kenkyujo non-profit organization | |
| | | Revitalizing Local Communities through Use of Local Forestry Resources and Construction Technologies | Tane District, Regional Development Council | |

2008 Toyota Environmental Activities Grant Program Recipients

| Category | Project Title | Organization (Country) | Theme | Implementation Site |
|--------------------|---|--|----------------|---------------------|
| General Grants | Project for Lifestyle Improvement in Central Laos | Japan International Volunteer Center (Japan) | Biodiversity | Laos |
| | Conservation Coffee as a Tool for Establishing Biological Connectivity | Conservation International Foundation (U.S.A.) | Biodiversity | Costa Rica,Panama |
| | Project to Convert a Short Car Drive to a Bicycle Ride | Non-profit Organization SHIMADUKURI-NET (Japan) | Global warming | Japan |
| | Ensuring Sustainability in Galapagos through Locally Based Education Initiatives | Charles Darwin Foundation for the Galapagos Islands (Ecuador) | Biodiversity | Ecuador |
| | Promoting Market Development of Technology for Electricity Generation Using Biogas in Rural Areas of Vietnam | Research Center for Energy and Environment (RCEE) (Vietnam) | Global warming | Vietnam |
| | Awely's Red Caps in Assam, India | Awely, Wildlife and People (France) | Biodiversity | India |
| | Regeneration of Nature of an Urban-type River Connecting the Forest, River and Sea | NPO Eelgrass Seed Bank (Japan) | Biodiversity | Japan |
| | Linking Sustainable Coffee Practices and Conservation to the Market Place | The Smithsonian Migratory Bird Center at the National Zoological Park (U.S.A.) | Biodiversity | Indonesia |
| | On-Farm Conservation of Agricultural Biodiversity in the Sahara | USC Canada (Canada) | Biodiversity | Burkina Faso |
| | The Velondriake Network of Marine and Coastal Protected Areas | Blue Ventures Conservation (U.K.) | Biodiversity | Madagascar |
| | Training Farmers on Indigenous Tree farming, Biodiversity and Environmental Conservation as Countermeasure to Climate Change in Nyeri and Laikipia Districts, Kenya | Kenya Agricultural Research Institute (KARI) (Kenya) | Biodiversity | Kenya |
| | Promoting Organic Framing along Trishuli River Basin through Holistic Approach | Development Center (DC) (Nepal) | Global warming | Nepal |
| | East Africa Grassroots Forest Conservation Project | Friends Society for Kenyan Children (Japan) | Global warming | Tanzania |
| Small-scale Grants | Establishment of a Model for "Development of Forests Teeming with Animals" | Environmental NPO "SHU" | Biodiversity | Japan |
| | Survey on the Fish Biodiversity of the Tsurumi River Water System | Tsurumi River Basin Networking | Biodiversity | |
| | The Practical Application of Micro Water-Power Generation in Itoshiro | Healing Village Itoshiro | Global warming | |
| | Nature Experience Courses (Juku) for Elementary School Teachers in the Tama River System | Tamagawa Juku | Biodiversity | |
| | Why not Revitalize the Tenryu River with Satsukimasu (Red Spotted Masu Trout)? | Citizens' Conference for Clean Lakes and Rivers | Biodiversity | |
| | Acorn Planting with Children | Donguri Mongori | Global warming | |
| | Restoration of Natural Environment and Recovery of Biological Resources in the Estuary-Tideland | Research Group on the Restoration of Fishery Resources in Yamaguchi Estuary | Biodiversity | |
| | Promoting the Conservation of Maruyama Wetlands Based on Scientific Research | Maruyamasitugengun Hozennokai | Biodiversity | |
| | Activities to Maintain a Quality of Green Fields in the Suburbs of Tokyo | Kurasawa Green Field Preservation | Biodiversity | |
| | Project to Create Forests in the Sea | Kuroshio Zikkan Center | Global warming | |
| | Project to Protect Tsushimayamaneko (Tsushima Wild Cats/ Prionailurus Bengalensis Euptailurus) from Traffic Accidents | Tsushima Yamaneko Supporter's Club | Biodiversity | |
| | Life Experience Eco-project for Children to Cycle Foodstuffs and Fuels | NPO Greenwood Outdoor Experience Educational Center | Global warming | |

2007 Awardees of the Toyota Environmental Activities Grant Program

| Category | Project Title | Organization (Country) | Implementation Sites |
|--------------------|--|---|----------------------|
| General Grants | Creating Sustainable Income for the Katukina Indians, by Extracting and Commercializing Copaiba Oil from the Amazon Forest. | OPAN-Operação Amazônia Nativa (Brazil) | Brazil |
| | Energizing Farm and Households through Bio-Fuel Production and Extraction of Petroleum Nut (Pittospforum Resineferum) Cordillera Region, Philippines | Pine Tree (Philippines) | Philippines |
| | Sanjeevani: A School-based Medicinal Plant Education and Conservation Initiative | Center for Environment Education (CEE) (India) | India |
| | Vitalization of Regional Economy and Society through the Sustainable Use of Natural Resources | Japan Environmental Education Forum (JEEF) (Japan) | Indonesia |
| | Promoting the Environmental Protection in the Mekong Delta Area of Vietnam by Supporting the Community Initiatives | The Community Health Development Research Center (Vietnam) | Vietnam |
| | Pasture Regeneration, Erosion Control through Waste Processing Recovery and Bioresource Management for Nomadic and Rural Crop Farmers | Generation for Environmental Education and Enhanced Renewal - GREENER (Nigeria) | Nigeria |
| | Training Farmers for Green Action, Mozambique | Ajuda de Desenvolvimento de Povo para Povo (ADPP) Mozambique (Mozambique) | Mozambique |
| | Building the Sustainable Bio-Fuel Supply Chain for the Poor Farmers in Rajasthan, India | Humana People to People India (India) | India |
| | Urban Water Environment Improvement Project for Vietnam | The Institute of Cultural Affairs, Japan (ICA Japan) (Japan) | Vietnam |
| | Environmental Technology Education and Integrated of Community-based Renewable Energy Projects | Green Empowerment (U.S.A.) | Peru |
| | Healthy Wetlands, Healthy People: Educating and Mobilizing Youth in Conservation and Management of Lakes of Pokhara Valley, Nepal | Wetland Friends of Nepal (WFN) (Nepal) | Nepal |
| | Community-based Mariculture and Mangrove Management in Kenya | Kwetu Training Centre for Sustainable Development (Kenya) | Kenya |
| Small-scale Grants | Resuscitation and Foresting of Terraced Paddy Fields and Rural Area (Satoyama) in Nishihata District, Ikoma City | Ikoma Rice Terrace Club (Japan) | Japan |
| | "Manufacturing" 3R Factory | Hachimansakagurakoubou (Japan) | |
| | Yama Ganmari | Sangosya Schole (Japan) | |
| | Citizens' Kushiro Swamp Nature Rehabilitation Project | Approved and Authorized NPO "Trust Sarun Kusiro" (Japan) | |
| | Environmental Education and Town Planning Based on Pika Conservation Activities | Pika'sTown Making Design Project Conference (Japan) | |
| | Chikurintic Project | Nonprofit Organization Environmental Design Experts' Network (Japan) | |
| | Environmental Education Project, Utilizing Fish Grown in Paddy Fields | Traveling Fish Supporters (Japan) | |
| | Urayatsu Restoration Project | Urayatsu Restoration Committee (Japan) | |
| | A Project to Hand Down Terraced Paddy Fields to Future Generations | People Forest Network (Japan) | |
| | Development of Permanent Nesting Locales for Little Terns and Survey of their Nesting Environment | NPO Little Tern Project (Japan) | |
| | Project for Environmental Conservation and Creation of a Business Model Backed Up by Community Cooperation | NPO Team Ebisu (Japan) | |
| | Database of "Noyaki (Traditional Field Burning) and Wachigiri (Firebreak Mowing)" of Pastures | Aso Greenstock Foundation (Japan) | |
| | History of Living Environment of Taketomi Island | NPO Takidhun (Japan) | |
| | Promotion of Environmental Conservation in Koajiro Forest | Non-Profit Organization Koajiro Outdoor Activity Organizing Committee (Japan) | |
| | "Renaissance of Cooking Oil Culture" Project | Workshop for Sustainable Community (Japan) | |

2006 Awardees of the Toyota Environmental Activities Grant Program

| Category | Project Title | Organization (Country) | Implementation Sites |
|--------------------|---|---|----------------------|
| General Grants | Ground Water Recharge and Water & Soil Conservation Technology for Poor Farmers in Rajasthan | Humana People to People India (India) | India |
| | Clean Water for Rural Communities in West Kalimantan | Wahana Lingkungan Hidup Indonesia Kalimantan Barat (Indonesia) | Indonesia |
| | The Maya Nut Program; Finding Balance between People, Food and Forests | The Equilibrium Fund (U.S.A.) | Honduras |
| | Conservation and Sustainable Management of the Fishing Resource in Lake Izabal and Bocas del Polochic Wildlife Refuge, Guatemala | Fundacion Defensores de la Naturaleza (Guatemala) | Guatemala |
| | The Power of Participation: Bringing Environmentally-Friendly Electricity to Remote River Basins in the Peruvian Amazon | MEDA (Mennonite Economic Development Associates) (Peru) | Peru |
| | Environmental Education and Economic Empowerment For Today's Youths: A Strategy for Sustaining Our Tomorrow | CENCOMDEV - Centre for Community Development (Nigeria) | Nigeria |
| | Integrated Strategies and Communities to Protect and Restore Water Quality of Kathmandu Valley, Nepal | Development Centre Nepal (DC Nepal) (Nepal) | Nepal |
| | Sustainable Waste Management through Environmental Education for Manure Recovery and Natural Resource Management through Self Help Groups and Student Communities | Non-conventional Energy and Rural Development (NERD) Society (India) | India |
| | Dissemination of Environmental Information and Its Utilization in Environmental Conservation in Mongolia | Mongol Eco Forum - Mongolia (Mongolia) | Mongolia |
| | Sustainable Rural development in Tibet | Global Environmental Institute (China) | China |
| | Community Based Environmental Restoration and Conservation Project in Critically Damaged Areas of Puerto Princesa, Palawan | Palawan Conservation Corps (Philippines) | Philippines |
| | Wild Silk and Honey Bee Farming for Income Generation and Biodiversity Conservation through Value Chain Approach | International Centre of Insect Physiology and Ecology (ICIPE) (Kenya) | Kenya |
| | Sustainable Management and Conservation of Drylands Natural Resources and Watersheds (Surface Water) in the Western Coastal Desert of Egypt | Environment and Human Development Association (EHDA) (Egypt) | Egypt |
| Small-scale Grants | Eco-Green Tourism to Vitalize People and the Area | Ikoma Rice Terrace Club (Japan) | Japan |
| | Project to Support Environmental Education in the Downstream Area of Tama River | NPO Community and Partnership Support Center (Japan) | |
| | Maintenance of A Permanent Nesting Place for Little Terns and the Survey on Their Nesting Environments | Little Tern Project (Japan) | |
| | Matagi Nature School | NPO Institute for Environmental Planning and Exchange between Rural and Urban Areas (Japan) | |
| | Practice of Outdoor Nursing without A Building | NPO Kodomo-no Hiroba (Forum for Children) - Mominoki (fir trees) (Japan) | |
| | Development of a Children's Program "Physical Checkup of Forests" | Forestry Volunteer Committee doing along the Yahagi River (Japan) | |
| | Restoration of Amamo (zostera) Beds and Network of Mountains, Rivers, Villages, Lakes and the Sea | Amamo Supporters (Japan) | |
| | "Satoyama (natural woodlands near local populated area)" Volunteer Leader Training Project | Sanson Jyuku (Japan) | |
| | Misayamagoudo "Iyashinosato (Healing Village)" Project | Step Up Seminar (Japan) | |
| | Environmental Internship Project | Association of Technical Research on Forests and Waterside (Japan) | |
| | Education to Develop People with Environmental Consciousness – Social Knowledge/Blessing of Time – | NPO School of Iron (Japan) | |
| | Urayatsu Restoration Project | Urayatsu Restoration Committee (Japan) | |

2005 Awardees of the Toyota Environmental Activities Grant Program

| Category | Project Title | Organization (Country) | Implementation Sites |
|--------------------|---|---|----------------------|
| General Grants | Asia ESD Promotion Projects—Establishing a website for the exchange of information on exemplary ESD promotion projects and the development of a handbook for project implementation practices | Japan Council on the UN Decade of Education for Sustainable Development (ESD-J) (Japan) | Japan,Asian region |
| | Environment Conservation and Cooperation with Residents in the Surrounding Areas of the Nature Reserves | Nihon Aye—Aye Fund (Japan) | Madagascar |
| | Sustainable Energy from Rural Landscape in the White Carpathians (Czech Republic) | Veronica—Czech Union of Nature Conservationists (Czech Republic) | Czech Republic |
| | Agriculture and Housing in An Environmentally Friendly Design of Settlement | ArTUR—Architecture for Sustainable Development (Slovak Republic) | Slovak Republic |
| | Promoting Environmental Education through the Ethical Value of Conservation | Care-Centre for Environment and Rural Poor (C-CERP) (India) | India |
| | Establishing the Fisherfolk School towards Community Based Coastal Resource Management in the Tañon Straits, Philippines | Tambuyog Development Center, Inc. (Philippines) | Philippines |
| | Environmental Orientation to School Education and Development of Community Based Environmental Technologies | Voluntary Health Association of Tripura (VHAT) (India) | India |
| | Sustainable Environment through People's Participation | Socio-Economic Development Programme (India) | India |
| | Arab-Jewish Partnership in Shared Environmental Problems | Masar Institute for Education (Israel) | Israel |
| | Building Local Capacities for Community Based Watershed Management in Apolobamba Protected Area, Bolivia | SAVIA (Bolivia) | Bolivia |
| | Sustainable Environmental Action through Participatory Learning in Chilika Lagoon, Orissa, India | PALLISHREE (India) | India |
| | Sustaining Community Livelihood through Management of Water Logged Land, Biodiversity Conservation and Community Capacity Building | Society for Women Action Development (SWAD) (India) | India |
| Small-scale Grants | Pumpkin Heaven—Yamamba Farm | Yamambano Kai | Japan |
| | Learning about the Tideland Environment at the Mouth of the Tama River and Developing Human Resources | NPO Regional Partnership Support Center | |
| | Satoumi Meguri no Rakko | NPO Banzu Satouminokai | |
| | Environmental Award for A Person Working Closely with the Community | NPO ECOPLUS | |
| | Development of A Sense of Home for Children by Hunting Treasures of Minami Daito | Shima Marugotokan | |
| | Kurukuru Eco Project | NPO Chiikizukuri Kobo | |
| | Development of A Teacher Training Program for Environmental Education | Japan Nature Game Association | |
| | Environmental Education Project for Asiatic Black Bears Inhabiting the Foothills of Hakusan | Environmental Education Project Committee for Asiatic Black Bears Inhabiting the Foothills of Hakusan | |
| | Natural Environment Rehabilitation Project in An Urban Area | Oyajino Kai | |
| | "Kyozon no Mori" Network | "Kyozon no Mori" Network | |
| | Improved Habitat for the Japanese Crested Ibis in Sado | NPO Japanese Crested Ibis Island | |
| | Seminar for Leaders to Establish "Umi no Terakoya" | NPO Amakusa Sea Fort | |
| | Development of Teaching Materials for Environmental Education to Establish A Society that Can Learn from River Activities | River Activities Council | |

2004 Toyota Environmental Activities Grant Program Recipients

| Field | Project Title | Organization (Country) | Project Implementation Sites |
|------------|--|---|------------------------------|
| Technology | Implementing Community Based Decentralized System of Safe Drinking Water Supply in India | The Education Resources Institute (India) | India |
| | Processing of Farm and Biodegradable Wastes Into Compost | OISCA I.D.B. Philippines(Philippine) | The Philippines |
| | Sustainable Coastal Management Project | Relung-Yogyakarta (Indonesia) | Indonesia |
| | "Cows-Reclaiming" "Satoyama" Nature Park Creation Project | Urban-Rural Exchange Association of Tobetsu-cho (Japan) | Japan |
| | Improving Alkaline Soil and Diffusing A Dry Desulfurization Process in Inner Mongolia | DGC base(Japan) | China |
| | Biodiversity Conservation through Scientific Harvesting, Domestication and Propagation of Medical Plants in Tribal Ghughari Block of Mandla District of Madhya Pradesh (India) | Centre for Advanced Research and Development (India) | India |
| Education | Project on Environmental Education Leading to Awareness Generation and Capacity Building for Sustainable Development in Rural Areas of Haryana in India | Aravali Vikas Sangathan (India) | India |
| | 2004 Environmental Education of Schoolchildren in the Sahel Strip | Association pour la Cooperation et l'Autogestion Rurale en Afrique de l'Ouest (Japan) | Republic of Mali |
| | Training in Participatory Environmental Protection of the Mekong Delta Industrial Districts | Tokyo Occupational Safety and Health Center (Japan) | Vietnam |
| | Sustainable Agriculture and Farming Village Development Project in Cambodia | Japan International Volunteer Center, Cambodia Office (Cambodia) | Cambodia |
| | Education for Sustainable Development in Indonesia | The Japan Environmental Education Forum (Japan) | Indonesia |
| | Environmental Education Rooted in Communities and training Leaders | Asociación Conjunta Para el Desarrollo Integral (El Salvador) | El Salvador |
| | Training Teachers to Implement Environmentally Sustainable Activities at Village Schools in Mozambique | Ajuda de Desenvolvimento de Povo para Pova Mozambique (Mozambique) | Mozambique |
| | Green and Clean Himalaya: An Integrated Environmental Education Program for Better Environment and Eco Sustainability | Society for Community Involvement in Development (India) | India |
| | A Novel Education Program in Environ- mental Health and Conservation for Wetland Communities in Western Kenya | International Centre of Insect Physiology and Ecology (Kenya) | Kenya |
| | Ikamba Labantu Poverty Alleviation and Food Security Programme | Ikamba Labantu (South Africa) | South Africa |

2003 Toyota Environmental Activities Grant Program Recipients

| Field | NO. | Project theme (region for activities) | Organization (country) |
|------------|-----|---|---|
| Technology | 1 | Asaza Project – Natural Revitalization Program for Kasumigaura and Kitauro using Technologies with Personality | Asaza Project(Japan) |
| | 2 | Sri Lankan Ecolabelling Project | EMACE Foundation(Sri Lanka) |
| | 3 | Pilot Project for Environmental Preservation and Agricultural Development in Cochamarca, Peru | Institute of Cultural Affairs: Japan (Japan) |
| Education | 1 | “Hands on”: Localizing and Promoting a Series of International Television Programs Offering Sustainable Solutions to Environment and Development Problems | Television Trust for the Environment (TVE) Asia Pacific Regional Office (Sri Lanka) |
| | 2 | Environmental Education Program for Conserving the Coasts of Fiji | OISCA-International (Japan) |
| | 3 | Environmental Education in an Indigenous Region of Tropical Mexico: Recovering Biodiversity, Local Knowledge and Culture | ETNOECOGIA, AC (Mexico) |
| | 4 | Providing Environmental Education to Pupils in the Sahel Area and Creation of Multi-purpose School Forests | Association pour la Cooperation et l’Autogestion Rurale en Afrique de l’Ouest (Japan) |
| | 5 | Environmental Education, Making Energy-saving Life an Entry Point, for the Youth and Elementary and Junior-high School Students | Friends of the Kenyan Children (Japan) |
| | 6 | The Green Pack – Education for Sustainable Development for Russia | Regional Environment Center for Central and Eastern Europe (Hungary) |
| | 7 | “Our Nature, Our Future” – Mobilizing Youth and Building Capacity for Nature Conservation | Green Balkans Federation of Nature Conservation NGOs (Bulgaria) |

2002 Toyota Environmental Activities Grant Program Recipients

| Field | No. | Project theme (region for activities) | Organization (country) |
|------------|-----|---|---|
| Technology | 1 | Banana Green-Gold Project: Using banana peel to make paper in Haiti, Jamaica and Central America (the Americas) | International Cooperation for Banana Paper Project (Japan) |
| | 2* | Commercialization project for sustainable utilization of medicinal plant resources in central and western Himalayan communities (Asia) | Society for the Conservation and Development of Himalayan Medicinal Resources (Japan) |
| | 3 | Modern cycle-rickshaw technology for addressing poverty and the environment in Yogyakarta, Indonesia (Asia) | The Institute for Transport and Development Policy (U.S.A.) |
| Education | 1* | Environmental training program (Asia) | The Center for Environment Research, Education and Development (CERED) (Vietnam) |
| | 2 | Implementing an environmental education program targeting the indigenous Semelai school children at Tasek Bera Ramsar Site, Malaysia (Asia) | Wetlands International – Malaysia Programme (Malaysia) |
| | 3* | Establishing a pilot villager group of alternative livelihoods in Wa, Myanmar in cooperation with WADP, and transforming the Wa Agriculture School into a relatively formal polytechnic school (Asia) | Beijing South-North Institute for Sustainable Development (SNISD) (China) |
| | 4 | Next Generation of Water Leaders | Third World Center for Water Management (Mexico) |
| | 5* | Practice-based education program aimed at the preservation and betterment of the steppes of Inner Mongolia (Asia) | Imin Soum Environmental Problem Research Group (Japan) |
| | 6 | Enhancing environmental awareness and safety through education, training and dissemination of VACVINA' biogas technology (Asia) | Center for Rural Communities Research & Development (CCRD) (Vietnam) |
| | 7* | Leadership for Environment and Development program (Japan) | LEAD Japan Program (Japan) |
| | 8 | Support to environmental, work and living improvement programs in Vietnam Mekong Delta area and its diversified applications (Vietnam) | The Institute for Science of Labour (Japan) |
| | 9 | Eco-Platform "Global School" to connect humankind with nature (Japan) | Eco Platform Tokai (EPT) (Japan) |
| | 10* | Creation of Eco-School Network by reopening closed schools: Project for the Provision of "Schools for Forest and Wind" and associated human resources (Japan) | Iwate Children's Environment Research laboratory (Japan) |
| | 11* | "Green-Pack" environmental awareness for schools in the Czech Republic and Slovakia (Europe) | Regional Environment Center for Central and Eastern Europe (Hungary) |
| | 12* | Participatory and active learning for Thai youths in the management of local resources for sustainable development (Asia) | Eco-Community Vigor Foundation (Thailand) |

2001 Toyota Environmental Activities Grant Program Recipients

| Field | No. | Project theme (region for activities) | Organization (country) |
|------------|-----|---|---|
| Technology | 1 | Protecting terrestrial biodiversity in Pohnpei, Micronesia (Others) | Conservation Society of Pohnpei (Micronesia) |
| | 2 | Substitution of conventional cooking fuels by plant oils in Guatemala: practical test for implementation (Latin America) | Institute for Agricultural Engineering in the Tropics and Subtropics, University of Hohenheim (Germany) |
| | 3 | Co-production system for conservation of sturgeon and shrimp stocks in Caspian Sea (Europe) | Atyrau Regional Government (Kazakhstan) |
| | 4 | Commercialization project for sustainable utilization of medicinal plant resources in central and western Himalayan communities (Asia) | Society for the Conservation and Development of Himalayan Medicinal Resources (Japan) |
| | 5 | Biomass gasification for distribution of gas supply in rural areas of China (Asia) | Institute for Thermal Power Engineering, Zhejiang University (China) |
| | 6 | Support for rehabilitation of devastated tropical peatland ecosystems in Central Kalimantan (Asia) | Agricultural Studies Department, Hokkaido University Graduate School (Japan) |
| Education | 1 | Implementation of the Environmental Education Guide in a designated eco-region of the Central Mountain Range (Latin America) | Foundacion Moscoso Puello (Dominican Republic) |
| | 2* | "Green-Pack" environmental awareness for schools in Bulgaria and Hungary (Europe) | Regional Environment Center for Central and Eastern Europe (Hungary) |
| | 3 | Practice-based education program aimed at the preservation and betterment of the steppes of Inner Mongolia (Asia) | Imin Soum Environmental Problem Research Group (Japan) |
| | 4 | Expanding "Roots and Shoots" environmental program to Japanese youth (Japan) | Jane Goodall Institute Japan (Japan) |
| | 5 | "Youth to Youth" peer education for a sustainable future (Latin America) | Pronatura Peninsula de Yucatan, A.C. (Mexico) |
| | 6 | Environmental education at the Laguna del Tigre National Park, Guatemala (Latin America) | Conservation International-ProPeten (Guatemala) |
| | 7 | Participatory and active learning for Thai youths in the management of local resources for sustainable development (Asia) | Eco-Community Vigor Foundation (Thailand) |
| | 8 | Leadership for Environment and Development program (Japan) | LEAD Japan Program (Japan) |
| | 9 | Build environmental awareness through the creation of footpaths in the Tama Hills area of Machida City and support the project by marketing the "Midori-no-Yubi" logo (Japan) | Tsurukawa Community Development Citizens' Group (Japan) |

2000 Toyota Environmental Activities Grant Program Recipients

| Area | No. | Project theme | Organization | Grant |
|------------|-----|--|--|--------------|
| Technology | 1 | Promoting high-quality and high-yield rice cultivation and integrated utilization of biogas in Wa, Myanmar | South-North Institute for Sustainable Development (SNISD) (China) | US\$65,230 |
| | 2 | Building local capacity in sustainable forest and natural resources management (3 years) | Pred Nai Community Support Group (Thailand) | US\$95,820 |
| | 3 | Development of a biodigester for the promotion of renewable energy and the protection of the environment in rural areas in Vietnam (2 years) | Center for Rural Communities Research & Development (CCRD) (Vietnam) | US\$255,160 |
| Education | 1 | An environmental awareness activities program that targets junior high school students and teachers in East European countries | The Regional Environmental Centre for Central and Eastern Europe (REC) (Hungary) | C238,000 |
| | 2 | An environmental program that targets elementary school children in the U.S. through tree-planting activities | The National Arbor Day Foundation (U.S.) | US\$380,790 |
| | 3 | An environmental education program that targets Vietnamese government officials dealing with environmental issues | Center for Environment Research, Education and Development (CERED) (Vietnam) | US\$50,000 |
| | 4 | Leadership for Environment and Development program | LEAD Japan Program (Japan) | ¥10 million |
| | 5 | Iwate Kaze to Mori no Gakko (Iwate Wind and Forest School); a Hands-on Project to Create a Network for Utilization of Closed Schools | Iwate QOL Network (Japan) | ¥6 million |
| | 6 | Project to Train Leaders in Nature Experience Activities | Japan Environmental Education Forum Inc. (Japan) | ¥2.5 million |
