

Toyota Study Assistance Fund: Providing High-achieving Students with Wide-ranging Support

China | Toyota Motor (China) Investment (TMCI), Toyota Motor Corporation (TMC)

Overview

Toyota, TMCI, and the China Soong Ching Ling Foundation (CSCLF) jointly established the Toyota Study Assistance Fund in 2006 to support high-achieving Chinese students who face financial hurdles to entering university or pursuing graduate degrees. In addition to financial support, a summer camp program designed to enhance the student's autonomy and skills, support for student job-search activities, and other educational programs are provided and students are invited to travel to Japan to expand their perspectives. The program began with 20 universities (10 students from each university) and was expanded to 26 universities in 2014. To provide networking opportunities, an online community that includes students, graduates, CSCLF and Toyota was also established.

Achievements

Cumulative number of recipients: Approximately 2,600 planned (2006–2017)

Toyota Family Learning Program: Contributing to the Development of U.S. Society

United States | Toyota Motor North America (TMNA)

Overview

Since 1991, TMNA has committed to promote the Toyota Family Learning Program in partnership with the National Center for Families Learning (NCFL) across the United States. TMNA provides funding for the first three years of the program at each location. Based on this funding, cities and communities build their own local funding collaborations to sustain operation of their programs on a long-term basis. The basic tenet of the program is, in addition to helping the entire family learn English together, to address important societal issues, such as safety, environmental protection, finance, current education systems, traffic, and health that families learn together and take part in the community activities.

Achievements

Program locations: Over 280 locations in 56 cities in 31 states
Donations: Over 46 million dollars

Toyota Teach: Supporting Enhanced Primary Education

South Africa | Toyota South Africa Motors (TSAM), Toyota South Africa Foundation (TSAF)

Overview

TSAM and TSAF are working to promote improved academic achievement among elementary school children in areas where the educational environment is poor, by helping improve and assist teachers' understanding of the curriculum policies. One of the aims of the program is to stay abreast of the latest trends and advances in education. Since 2005, the program has strengthened training on overall school operation, focusing on areas such as governance and human relations. In 2009, a whole school approach was implemented and the Toyota Teach Primary School Project operates in 10 schools in a four year cycle.

Achievements

Support provided to: About 418 schools, 1,818 teachers, and 220,317 pupils
